The Rain Makes the Track Resemble a Morass.

New or Never, Eric, Grover Cleveland and Montague Win.

[SPECIAL TO THE EVENIES WORLD,]
MONMOUTH PARK, July 12 - "Raining in town, or a storm on the bay west, means a bad track at Monmouth," said Mr. Pierre Lorillard cheerfully as he left his yacht and stepped aboard the train at Sandy Hook this morning. The master of Ran-

pore to victory in the English Derby, was right. " Why, it basn't rained a bit down here," said a cheery miss, who sprang off the train ahead of her scort and minus her umbrella. The track was being wet down with hose when the crowd on

coeas, whose triumphant cherry and black Iroquois

early trains poured up into the grand stand. " Aha! didn't I tell 'em not to be so hasty laying the dust," exclaimed old-time light-weight chainnion Rarney Aaron, as the storm descended as if in fury at being so long delayed while the jockeys were weighing in for the first race.

"There'll be plenty of scratching," said a racing expert, "and I doubt if they run off the races to-

Jockey Andy McCarthy denied the story that he has been ruled off, but he had some trouble with another jockey, and the Executive Committee will consider the case to-day.

It took but a few minutes to make the track a big canal. Two horses that went out for a little warming-up, were greated as they swung into the straight, with cries of "boat ahoy" from the pectators, who clustered in the grand stand iften crestfallen chickens under a barn-yard wagon. The bedraggled racers left wakes behind them just as a steamboat does in the water.

Pouring rain made the colors of the jockeys in the first race almost indistinguishable. The weather cleared a little to allow Mr. Loril-

lard's Eric to beat Harrisburg in the three-quarters lard's Eric to beat Harrisourg in the three-quarters of a mile race for two-year-olds.

Taragon and Geo. Oyster were scratched, leaving Mr. Beimont's Raceland to contend alone against Tea Tray and the Haggins's Fitz James. Raceland was the hotlest of favorites; 5 to 1 on w.-s the beat to be obtained about the marcod and scarlet. Indeed, many books had "out" marked against Raceland's name. Four to I against was offered about Tea Tray, and from 6, to 9 to 1 against Fits James.

The books offered 2 to 1 against the field, Fitz The books offered to I against the held, Fig. James and Tea Tray.

The race was the easiest of victories for Raceland, who cantered home nearly a dozen lengths be ore Fitz James, who was almost haif as far in front of Tea Tray.

The time was slow even for the track, wretched as the rain left it.

Three Thousand Quakers See The New York Nine Play Ball.

Philadelphia New York

(SPECIAL TO THE EVENING WORLD.) BALL GROUNDS, PHILADELPHIA, July 19. Heavy clouds were massed low down in the skies as early as 8 o'clock this morning, when the New York aggregation to the number of twenty stepped out from the private car "Ephesus," which Manager Mutrie had chartered at Chicago to bring his club and camp followers to the Quaker City.

Showers fell at intervals throughout the morning, but as the time for the game drew near the skies lightened somewhat and the prospects for ball tossng brightened with them.

With each victory since leaving home the spirits f the boys have risen, and the two games won out of three at Chicego advanced them one more ound on the lad ler of confidence.

But there is a great big fact that stares these same Glants squarely in the face. It is that now s the time for them to play ball. The golden, and perhaps only, opportunity for them to take the lead while Chicago and Detroit are cutting each other's throats in the West.

The New York club appreciates this as any one. All that is necessary for them to do is to maintain their present high rate of play. Tiernan joined his fellows this morning, but Slattery was obliged to give up his long-cherished idea that he was fast recovering and to-day took the train for

to the pitching for the Giants. Reefe had the call, but as his arm is a trifle lame it was thought Welch might perhaps fill the box. Suffinton, who won his last game against the

Giants, was on the cards to pitch for Harry Wright's men, and at the last moment that gental manager shouted out from the grand stand that Sander rould play left field instead of Wood, The change was made on account of the recent heavy nitting of the former. The only change made in the team which of late

Manager Mutrie has been playing was the relirement of George from the playing was the restrement of George from the playing team owing to Tiernan's return.

In spite of the stall threatening weather; some three thousand spectators were present, not a few coming on from New York to give the grounds a site this home-like appearance to the wisitors.

When the New Yorks took the field Laughing Michael was in the box.

Umpire—Mr. Daniels.

First inning—Sanders hit the second ball pitched out into centre field, where Gore grabbed it. After hitting a wicked foul to left Andrews was reitred on strikes. Farrar clubsed a line hit to left, which looked good for a home run, but the ball took a curve in O'Rourke's direction and Sir James clung

to it,

Capt. Ewing put his bat against one of Buff's
drops and cracked out a stinging single past areoud. Hichardson followed with a safe one to
right and Buck took third. Ward knocked
ascraftee to Farrar, on which Richardson took second.

Tiernan was a victim to strikes, and Connor retired the side by popping up a little fly, which Buf-

finton juggled slightly, but stopped before it reached the ground. The handsome pitcher was applianted as he came in from the diamond. Second Inning—Delehanty was hit in the side with a pitched ball and paintuily took first. Fogarty used a new bat with effect. He pounded a single to left which O'Rourke Seided in time to caten Delehanty at third, but Waltiney made a bad muff and the runners were safe. Irwin filed to O'Rourke. O'Rourke.

Bastian hit to Ward, who returned the ball to Ewing in time to catch Delehanty at the plate. Clements put an end to the Phillies' chances for ron-getting in this inning by fouling out to Con-

ron-getting in this inring by fooling out to Connor.

O'Rourke was an easy out, Irwin to Farrar.
Gore did what he hasn't done for some time. He
struck out. Whitney banged a liaer to centre
which Andrews allowed to get by him and roll to
the fence. Whitney reached third on the error
and scored on a wild pitch.

Weich fattened his betting average with a twobagger along the lest foul line. Ewiny bopped up
a dy directly in front of the plate, which Clements
caught. One run.

Third Inning.—For Philadephia, Gore made a
good running catch of Buffinion's long dy to right
centre. Whitney scored an assist from Sanders's
grounder. Andrews then placed a safe hit between third and short.

Welch's fumble of Farrar's grounder gave the latter first and Andrews second. Delehanty filed out

Tiernan knocked a grounder to irwin, and the latter fielded the bail to Clement in time to catch Richardson at the pilet. Connor was third out on a grounder to Farrar.

Foarth Inning—Fogariv smashed that new bat of his on a high fly to Gore. Irwin flew out to ward, and Hastian was retired on a grounder, which ward fielded to first in neat style.

O'Rourke retired on a fly to Delebanty. Gore went out on a grounder, Delebanty to Connor, and Whitney's inter was captured by Bafforton.

Fifth Inning—Ulements began things with a safe hit past second. By a quick stop and toss of Buffinton's bounder Richardson retired Clements at second. Sanders hit to Richardson, and Buff was forced out at second. forced out at second.

Andrews's single advanced Sanders to second.
